an animal's past,
our mission is to
rewrite their future.

The Hallie Hill Howler

Dear Friends,

This month I want to discuss what is referred to as the 'return rate' in animal shelters/rescues. In the last few weeks we have had two puppies (now 8 months old) returned who were born at Hallie Hill and adopted out at 8 weeks old. Even though as we emphatically warn potential adopters that puppies are A LOT of work, these two lab/hound mixes were returned to the Sanctuary because they were not fitting in with the families' lifestyles for different reasons. We also had a cat returned that could not adjust to the new home despite the families work to reduce her anxiety. She would not eat or drink in the new home, and out of concern for her health we encouraged them to bring her back. Currently, our return rate is 12.5% and the shock of that high number had me stressed!

After some reflection, I have realized maybe a higher return rate is not such a bad thing! Many shelters are transparent with their policies and explain to adopters that if a pet is returned, they may not leave the shelter alive. During our adoption process, we do not emphasize that adopters must promise to be a "forever home" for the animal they choose. Everyone who adopts from HHAS knows we will not euthanize an animal if it is returned, and that animal is guaranteed a safe spot at the Sanctuary for their life, if need be. This relieves some of the worry associated with adopting a shelter animal, as it is impossible to know exactly how these animals will behave in a different environment. We understand that bringing home a new family pet is a huge decision and while we know it is not taken lightly, the ability to return the pet to Hallie Hill, without judgement or negative consequences, is comforting.

While we strive to match our beloved dogs and cats with a home that best suits their needs, we realize that there is no way to make a 100% positive match every time. We ask adopters to give the animals a period to adjust, and we try to provide support when necessary until they feel both the humans and pets are feeling good about the match. Even if the adoption fails, we will have gained insight into the animal's behaviors in that home environment and can use that information to make a better match the next time!

I've come to realize, It's ALL GOOD!

Happy June!

Jennifer

On May 4th and 11th, the talented first grade students from Mason Prep visited Hallie Hill to read to the dogs and cats! They had a fun mornings learning about how to approach animals that they did not know, reading to the animals and taking a hayride around the property! Thanks to the students and parents for coming out to see us! The students (and teachers) are working on some more surprises for all of us at Hallie Hill, so stay tuned! See you again soon!

1. I was resting my feet on our dog when my wife said that he looks defeated. I took lifted my feet up and said, now he is defeated.
2. Ask a dog what prison is like, and they'll tell you it's ruff!
3. My mum wanted to get our dogs a new tag for their collar. She said we should put the cellphone on it and I thought that might get a little bit heavy for them.
4. While walking the dogs we came across a railroad crossing. It was obvious by the tracks a train had been through there.
5. How do three dog turds and three trees add up to ten? Tree and a turd, tree and a turd, tree and a turd.
6. A dog walks into a saloon with a sling and a gun. The bartender says, "We don't serve dogs." The dog says, "I'm looking for the man that shot my pa(w)."
7. When giving out Halloween candy, point to your dog and ask the trick or treaters how they like your cat's costume.
8. The sheep-dog told the farmer there were 50 sheep herded. The farmer only counted 46 and the sheep dog told him he rounded them up.
9. There is a zoo where the only animal is a dog. It's a shitzu.
10. The police knocked on our door the other day saying that our dog had been chasing some someone on a bike. I told the officer don't be ridiculous, my dog is smart but he can't ride a bike!

June's Adorable Adoptables!

Mouse

Mouse is an all around awesome gal! She is just 3 years old and needs a loving family! She loves to play with rope toys, and is a great size. She would love to pounce around the yard with you, and then curl right up on the couch for a good movie. Please complete an application to adopt Mouse at **Hallie Hill Animal Sanctuary's** website at halliehill.com – she can't wait to meet you!

Sox

Sox (we now call her Sophie – fits her better!) is sweet, healthy and so loving! At only 3 years old, she has a playful and youthful spirit! Sophie is a bit fearful of loud noises and anxious in new places. She will stay in places she is comfortable in your home, like next to you cuddling, staring at you lovingly from the foot of the bed or right by your side on a walk. She gets along with cats, too! . Please apply to adopt this pretty lady at **Hallie Hill Animal Sanctuary's** website, halliehill.com.

Mango

Mango is just as sweet as he is handsome! There is just something so special about those gingers! At only 5 years old, he gets along great with other cats, and loves attention from people! We often find him in the nearest sunbeam, he would love to fill the sunny spots in your home! Please fill out an application to adopt Mango on **Hallie Hill Animal Sanctuary's** website, halliehill.com, and get ready to fall in love!

Blue

Blue is a sweet, young girl (less than a year old) who just wants all the attention! She is working on not jumping up for attention, and would do best with a fenced in yard and a family that will spend lots of active playtime with her! Blue gets along with other dogs, and will make a wonderful companion. Please submit an application for Blue on **Hallie Hill Animal Sanctuary's** website, halliehill.com to meet this sweet girl!
