

Hallie Hill Animal Sanctuary

Meet Latté

The most photogenic dog at Hallie Hill must be a little chocolate staffie mix named Latte. She and another dog were wandering up to some property in the Hollywood area scared and very hungry. The groundskeeper fed them until he gained their trust, and then he called Hallie Hill. We picked the two girls

up and took them straight to West Ashley Vet Clinic to be seen for some pretty serious conditions. Most serious was the damage to Latte's right front leg. The bones were completely shattered; the veterinarians believe was trauma from being hit by a car. Sadly, the leg had to be amputated. Latte has since healed from her surgery and is enjoying life as a Hallie Hill resident. She has adjusted like a trouper and gets around very well on her three legs- taunting that she still has one more than we do! She hopes that one day a person will look into her eyes, fall in love, and take her home forever. Visit www.halliehill.com to complete an adoption application for Latte.

Adoption Center

Our "new" building is not really new. It's a 1792 log cabin. The building hosts meetings, fundraisers, adoption interviews, and "meet and greets" for adopting families and potential new pets. Most importantly, volunteers and staff are able to take our dogs to the cabin to acclimate them to a home environment in preparation for adoption. Many of our dogs are scared when entering a building after living their entire lives outside. So this quiet, home setting is just what they need to learn how good life can be!

Dog Days of Summer

The "dog days of summer" are here and the dogs at the sanctuary really enjoy when volunteers take them to the pond for a swim. While some of the dogs just wade around the edge searching for frogs, others jump right in and swim until their heart is content! Volunteers are vital to the emotional well being and rehabilitation of our animals and we can't thank them enough for the love and attention they give so generously. If you would like to volunteer at Hallie Hill, please contact our volunteer coordinator at dana.clark@halliehill.com

How You Can Help...

Adopt!- or Help spread the word that we have many adoptable dogs and cats!

Volunteer!- We need many more volunteers for enrichment activities for both dogs and cats. Contact dana.clark@halliehill.com

Donate! Gifts of money, blankets, dog shampoos, treats, and other supplies are always appreciated!

Adorable Adoptables

Charlie

This sweet senior dog is a gentle fellow who loves the outdoors. He is a perfect size at about 35 pounds.

Cleveland

Cleveland is a favorite among the staff and volunteers. He is a handsome tricolor hound who would steal your heart!

Chai

This happy girl is a small Staffie mix who weighs about 40 pounds. She loves to chase and play with tennis balls.

Cheetah

This pretty tabby is a bit shy at first, but is very loving when she gets to know you. She prefers to be an only cat.

Hallie Hill Gets Support From the Young AND the Young at Heart

Community support means so much to us. We recently enjoyed terrific support from two very different sectors: an elementary school and a retirement community.

After a visit from Hallie Hill's own "Buck" the black lab, the first grade classes of Mason Preparatory School raised money through a Read-a-Thon, bought materials to make enrichment toys for the animals, and donated the remaining money (over \$1000) to the sanctuary.

Later in May, residents from Bishop Gadsden Retirement Community visited the sanctuary (*below*) to see what we were all about. Afterwards the Bishop Gadsden Spirit of Generous Giving Committee hosted a Bingo Night raising over \$3000 for privacy screens for our dog enclosures. The privacy screens will reduce the visual stimulation of dogs and therefore

reduce their anxiety and negative behaviors such as barking and running the fence line.
