PLUS LOTS MORE!

Hello Everyone!

Spring is by far my favorite time of year at the sanctuary. The air is cool and crisp in the early morning when I arrive, and as the sun peeks over the tree line it begins to warm the enclosures and the dogs come out of their houses to seek its warmth. The trees look amazing as they are putting forth their bright green leaves and many are in full bloom. These are the trees that will provide shade that is vital for the dogs' comfort in the upcoming heat of the summer. Turkey and deer can be seen leisurely crossing the back field with no concern for the dogs just yards away.

My favorite time of day at Hallie Hill is immediately after I finish the morning feeding of the dogs. After the last scoop of food falls, all barking stops so it seems very quiet. Then I realize it isn't quiet at all, because I hear the many birds chattering and chattering away in joyful tones. I take this time to walk by the cat enclosures to peek inside. I have said "good morning" to everyone and know they are all accounted for and doing well.

Even though the season is short, I cherish every Spring. I realize how lucky I am to work at such an amazing place as Hallie Hill where I can enjoy the beauty of nature and be surrounded by 200 amazing animals and the dedicated staff and volunteers that help make their life wonderful.

Happy Spring!

Jennifer

Volunteer SPOTLIGHT: Ed Poche

If you have been to Hallie Hill on a Monday, you have met Ed Poche. He's been coming to volunteer ever since he adopted his dog, Rosie, years ago. It doesn't matter if its 20 degrees or 110 degrees, Ed will be there early with a Pepsi in hand, ready to seize the day.

Helen Bradham explained to me that some people just "get it" in regards to Hallie Hill, and Ed definitely gets it. It doesn't matter to him what task he does, he's interested in helping out in the best way possible. Mornings could be maintenance and repair, followed by an afternoon of maintenance and repair with a little electrical shock thrown in for good measure!

There is an endless list of things that need to be done on any given day, and Ed has contributed to all of them over the years. Animal care, Fundraisers, Adoption Events, Rescues, and the best part of all, just spending time with the animals. Thank you, Ed Poche, for all you do!

A note from Daniela Schneider...(and Hallie Hill!)

“A BIG thank you to everyone that donated and supported our Bridge Run fundraiser and for coming to the volunteer appreciation get-together Saturday! We made our \$ goal for our animals!! Your support and volunteer time means everything!! Hope to make this an annual event and have some HH bridge run/walk participants by my side!! Wait for those 2018 videos 📺... Until next year!! Thank you!”

Daniella raised \$5000 + for the animals at Hallie Hill Animal Sanctuary!! We thank YOU Daniella for your love and dedication!

Gunner

Gunner is a 3 year old German Shepherd that would love a forever home with an experienced pet owner. He has recovered from leg and shoulder injuries but has arthritis as a lasting result. He is very active and craves attention.

Fred is a 5 year old German Shepherd/Rottweiler mix with a sunny disposition. He is very friendly and great with other dogs. He loves attention and playing with his toys or going for a swim. Excellent family dog. Very gentle.

Fred

Sasha

Sasha is a 5 year old Shepherd mix that loves to swim and play with Frisbee's. She gets along well with other dogs and would love an owner that would take her on outings. She is not recommended to be in a family with children.

Bear

Bear and Noodle have beautiful long black fur. They are only a year old and very friendly and affectionate! They are brothers, but would be great in different homes.

Hankie Two

By: Helen Bradham

About six years ago a family friend from Atlanta called me in great distress. He had gone to the Atlanta Animal Shelter to find a small older dog suitable for his 28th floor condo. As he was entering the long corridor he saw the saddest, skinniest, loneliest looking dog being led down the hall. His head was bent low and his sad eyes were filled with despair. Upon asking where this sad fellow was being taken, his fears were confirmed. My friend and this sad fellow made eye contact and that was all it took.

‘Mr. Sadfellow’ found himself on the front seat of my friend’s car headed for the 28th floor condo in the middle of busy Atlanta. Because he was tall and lanky, my friend Cameron named him Hank. After 3 months on the 28th floor it became obvious Hank was not a city guy and really needed more room and freedom – after all he was only a year old and his energy level was over the top! That’s when Cameron called me in distress. He loved Hank, and Hank loved Cameron, but there might be a better solution out there. I told Cameron to bring Hank on to Hallie Hill Animal Sanctuary.

Cameron and Hank made three trips to Hallie Hill only to return to Atlanta each time as Cameron could not bring himself to leave Hank. Finally, several months later, it worked and Hankie Two (we already had one Hank in residence) found himself in a large shady pen with a lovely roommate!

Out of the Mouth of...DOGS!

By Sue Winder

“Bad Boys Bad Boys...whatcha gonna do when they come for you? Bad boys....”

For me, Gunner, I hope they come for me to take me to a new home!

And, I must protest this inaccurate description of me!

I am young, and just way too intelligent for my own good. Yes, yes there are all kinds of stories about me. I debate on which ones I should share. I am really not a “Bad Boy”. My most sincere desire is to find my very own person who will dote on me endlessly. First of all, I am such a dashing fellow. I mean, just look at me, I am so good-looking and personable. One could even go so far as to say I am majestic. And that one droopy ear! How cute is that? I have a keen mind with an intense spirit and a touch of mischievousness. I fell into the hands of shelter care after I got hit by a car and suffered severe injuries. They ended up saving my front leg which was mangled in the wreck.

I just couldn’t get settled into the right home before I came to Hallie Hill. The other dogs didn’t ever like me, and I don’t know why because I am so cheerful, and loving. I so enjoy play time and even with my bum front leg I get around ok. I LOVE meeting new people, but I get overexcited when they visit. I need someone who can help me improve my excited behavior. I shall find a person who can focus totally on me and be patient. I already know “sit” and “down” (lay down). Actually, I have settled down a bit since I came to Hallie Hill. I have someone working with me to correct my door dashing and gate crashing. And I have gotten along well with my roommates here. I have heard it said that I could have been a service dog if not for my injured leg.

I know my Hallie Hill people love me and will look long and hard for the right person to adopt me. They screen people very carefully. Maybe someone could foster

me and help my rambunctious manner! I know I can do it and am patiently waiting, waiting, waiting for the right person to find me and love me forever. Are you that person? Please come meet me at Hallie Hill and I will bowl you over with my intense love and bright spirit!

year since we adopted Berry and it has been the best decision we have ever made. He healed well from his FHO surgery last year and now loves to run and go up the stairs to greet us in the morning. His faveorie things to do are lounge on the couch, chew on Buffalo horns, and look out the window. He howls when it's dinner time or when he wants to go out on a walk. Keith and I constantly say that we have never met a sweeter soul. Thank you so much for taking care of him until we could find him and bring him home. from the past year.'

Mission Statement

Hallie Hill Animal Sanctuary is a 501c3 that provides sanctuary for dogs and cats with no other home or shelter, rescues and cares for animals in need of assistance for the remainder of their lives, including providing proper shelter, nutrition and medical care.

What we do:

1. Provide respite and rehabilitation for dogs and cats preparing them for adoption, and a loving forever home to those unable to be adopted.
2. Perform community outreach in our area of Hollywood and Ravenel, two of the under served areas of Charleston County.
3. Provide food, medical services, spay/neuter, vaccinations and general wellness care.
4. Provide long-term care and a loving, final home for those animals whose adoption may be difficult due to age, medical or emotional issues.
5. Reinforce the human component of the human/canine/feline relationship in a respectful way by recognizing and honoring the fact that people's love for their animals transcends economic circumstances and cultural differences.
