By: Jennifer Middleton

Dear friends,

As Spring moves in it has been a busy time of year at Hallie Hill! We have had quite a few adoptions, some of our beloved have moved to Angel's Crossing, and lots of new faces have joined our family.

New arrivals bring us joy as we learn their personalities, likes, dislikes, and quirks. Volunteers and staff enjoy trying to build trust with the shy souls and tame the wilder ones! Many times, after being checked by the vet, the only medical care our new arrivals need is vaccinations, wormer, and spay/neuter surgery. Sometimes they need more, much more. In the last two months, we have accepted 5 new dogs that need heartworm treatment (a minimum of \$500 per dog). We have 2 dogs needing orthopedic surgeries, and one has had surgery to remove a mass causing her discomfort. All these costs will be covered by the Medical And Geriatric Intensive Care Fund, aka the MAGIC Fund. It does not take much when dogs require this level of care to deplete this pool of money to a precarious level!

Betty needs heartworm treatment

Please donate to the MAGIC Fund online or by mailing a check (with MAGIC Fund written on the memo line) so that we can continue to work our MAGIC!

Many Thanks, Jennifer Middleton

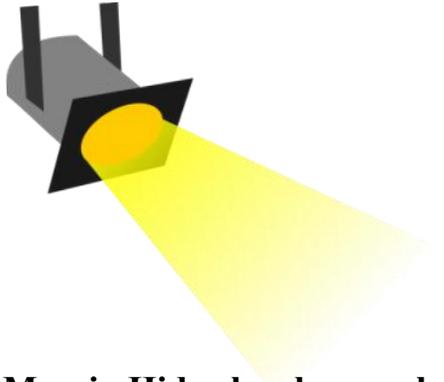

Indie had surgery to remove a bleeding mass from her gastrointestinal tract.

Saidie had surgery on a dislocated kneecap and will be getting her bad hip repaired next! Poor baby also needs heart worm treatment.

Precious has already had surgery to repair the two broken bones in her front leg. She still needs heartworm treatment.

Volunteer SPOTLIGHT:

Marcia Hider

Marcia Hider has been volunteering at HHAS for a little over a year now. She rarely misses a Friday and *loves* her time here. Marcia's first stop is always the barn to visit the new additions. She is always excited to welcome the newcomers with her beautiful smile, soft voice, and the gift of a cookie. I've seen her sit in a cold barn stall for what seems like forever to gain the trust of a fearful or shy dog. She always wins them over.

With 150 dogs at the sanctuary, learning all the names is a challenge and Marcia is determined to learn them all. We make it difficult with the additions, adoptions, and changing locations. Marcia has been duped by our most talented 'escapee', named Lucky. You are officially indoctrinated when Lucky blows past you without even a look back, the grin plastered on his face. He enjoys the catch as much as the escape. Marcia takes it all in stride. She has been drooled on, scratched, walked by some very strong dogs and knocked off her bucket, all of which doesn't faze her in the least! That's what makes her such a great volunteer. The best part is that she keeps coming back.

Marcia was a great help with our Golf Tournament Fundraiser. She easily convinced the golfers that they needed to purchase every mulligan allowed and plenty of raffle tickets making the fundraiser a huge success.

Marcia, we love you. See you Friday.

Congratulations to Our Everyday Hero: Brian Stiles

Our very own Brian Stiles has been named an Everyday Hero by Channel 2 News!

The following article, written by Octavia Spencer, was published on Counton2.com, April 19, 2018

“Despite his own health challenges, Brian Stiles goes above and beyond to help homeless dogs. He's our Everyday Hero.

They say dogs are man's best friends, and Brian Stiles is a best friend to many dogs at Hallie Hill Animal Sanctuary in Hollywood, a non-profit that provides sanctuary for abandoned, abused, or neglected animals for thirty years .

"I love coming out here everyday, says Stiles.

With two dogs of his own, fifty-eight-year-old Stiles has a passion for helping homeless dogs. He volunteered at the Charleston Animal Society for years, and now volunteers at Hallie Hill. Stiles says, "I live right around the corner, five minutes from here. I bought the home because it was so close to Hallie Hill. It's beautiful out here for one thing, and it's a good cause. These animals need the help. I post a lot of stuff hopefully helps get them adopted. It helps. It gets them adopted, gets them seen by a lot more people."

Even though Brian is in a fight for his life, he still does what he can to help. Brian says, "This morning I felt a little rough. I was diagnosed with stage three lung cancer. I've gone through chemo and radiation, in fact I had radiation again today. Things look good, it's not a complete positive cure that's going to happen, but I keep doing what I'm doing. I struggle to come here, but when I get here, I feel a lot better every time."

Hallie Hill Animal Sanctuary director Jennifer Middleton says, "Brian is fantastic! All of our volunteers are crucial, but Brian takes that extra step. He's had the experience of working with dogs and accessing their behavior, so that I can trust him to take the dogs out in public, and he can give me feedback on how ready they are for adoption. He is crucial to not only socializing these dogs, an getting them ready for a home, but getting them out so the general public can see and know about them. He's a trooper. He's an absolute trooper. He doesn't feel sorry for himself. He shows up here and he does what he does for the animals. He's part of the Hallie Hill family. He really is, and he means the world to us"

Leslie Testor, Realtor, Is Paying It Forward!

A proud ‘mom’ of rescue cats, she values the work of local animal shelters and is putting her money where her heart is!

For a limited time, Leslie has generously pledged **50% of her commission** to Hallie Hill from the purchase or sale of every home!

Please be sure to mention Hallie Hill Animal Sanctuary when buying or selling your house so Leslie knows to donate to the animals! Many thanks to you, and to Leslie!

SOUTHERN * SAMPLER * ARTISTS * COLONY -

On a beautiful Thursday in May, Hallie Hill had the pleasure of hosting The Southern Sampler Artists Colony for a day of celebration and reflection during their annual retreat to the Low Country! The SSAC, founded in 2006 by two childhood friends, is a haven for writers, dancers, artists, musicians and photographers who want to stir the creative pot, southern style!

After a delicious lunch provided by our own Helen Bradham, the group toured the sanctuary with Jennifer and then spent some reflection time in the quiet beauty of our Angel's Crossing. Thank you for visiting with us and creating the beautiful sign that now hangs in Angel's Crossing. We hope you took with you some of the love that is Hallie Hill Animal Sanctuary!

Look for creative pieces by SSAC in future editions of the Hallie Hill Howler!

Welcome to Hallie Hill!

Read-A-Thon at Mason Prep!

On April 9th, Jennifer and Hershey were guests at Mason Prep for a Read-A-Thon! Mrs. Kreutner's and Mrs. Stamatiades' first grade classes learned what fun it is to read to an animal because they don't care how fast or slow you read, or if you mispronounce a word! Hershey had a great time listening! A big thank you to Martha Graves for arranging for our visit to Mason Prep! Don't forget—animals love reading too!!

As part of their Service Learning Project, the first graders from Mason Prep visited Hallie Hill Animal Sanctuary on Saturday, April 19th, to read to the cats and dogs! The students were able to interact with the adorable animals (and practice their reading skills!) Their new furry friends really benefitted from the socialization! The dogs and cats (and people) send a big thank you to our new first grade friends for visiting Hallie Hill!

Mission Statement

Hallie Hill Animal Sanctuary is a 501c3 that provides sanctuary for dogs and cats with no other home or shelter, rescues and cares for animals in need of assistance for the remainder of their lives, including providing proper shelter, nutrition and medical care.
What we do:

1. Provide respite and rehabilitation for dogs and cats preparing them for adoption, and a loving forever home to those unable to be adopted.
2. Perform community outreach in our area of Hollywood and Ravenel, two of the under served areas of Charleston County.
3. Provide food, medical services, spay/neuter, vaccinations and general wellness care.
4. Provide long-term care and a loving, final home for those animals whose adoption may be difficult due to age, medical or emotional issues.
5. Reinforce the human component of the human/canine/feline relationship in a respectful way by recognizing and honoring the fact that people's love for their animals transcends economic circumstances and cultural differences.
