Happy October Everyone!

Recently, Hallie Hill participated in Lowcountry Giving Day 2017. Over 140 nonprofits were gathered at Joe Riley Stadium to raise awareness in the community about their individual causes. As I walked around and saw so many worthy charities, it made me ponder how people choose which nonprofit they should support with their hard earned dollars!

Many people wonder how much of their donation makes a REAL difference. At Hallie Hill, the answer is very clear. The overwhelming majority of each donation *directly* supports medical costs, food, supplies, and daily needs of the animals in our care!

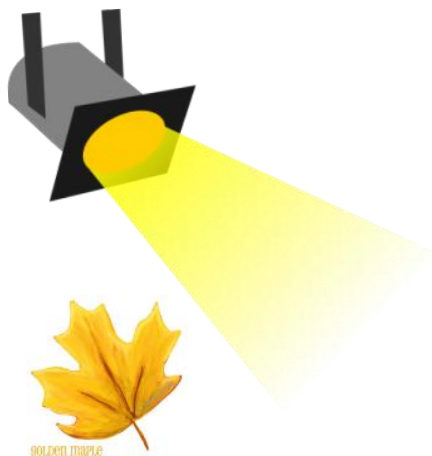

To provide quality nourishment for over 200 dogs and cats, Hallie Hill goes through nearly 90 pounds of food per day. A donation of just \$12 can provide food for one animal at Hallie Hill for a full month!

While every donation at Hallie Hill makes a difference, to provide absolute transparency, we have created a separate fund called the **MAGIC** Fund which stands for **Medical And Geriatric Intensive Care**. The donations made to this fund are used *exclusively* for animal medical costs. A donation of \$80 can cover a dog's spay or neuter surgery. A gift of \$10 can pay for a cat or dog to be microchipped, \$20 will cover the cost of their annual vaccinations, and \$15 will purchase a month's worth of arthritis medication for one of our many senior dogs.

Our mission at Hallie Hill is to provide a loving home for animals who may not have been adopted because they are elderly, or have behavioral or medical issues. We do everything we can to make each one healthy, comfortable, and happy. With time, many of the animals here can find adopting families to love and cherish them, but we want to ensure that Hallie Hill is still around for many years to come - providing quality and loving care for the ones who aren't chosen. **Please consider giving today, because every donation makes a difference and is very appreciated - no matter the size!**

Thank so much, in advance, for your support of our important work!

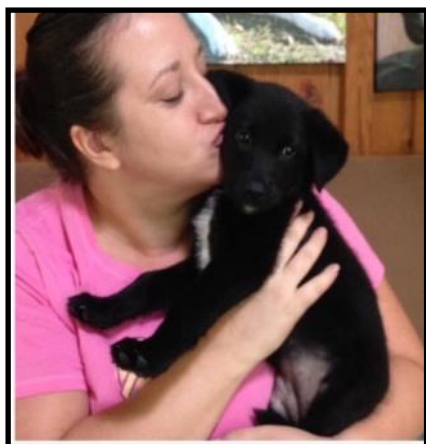

Volunteer SPOTLIGHT:

Andrea Zicarelli

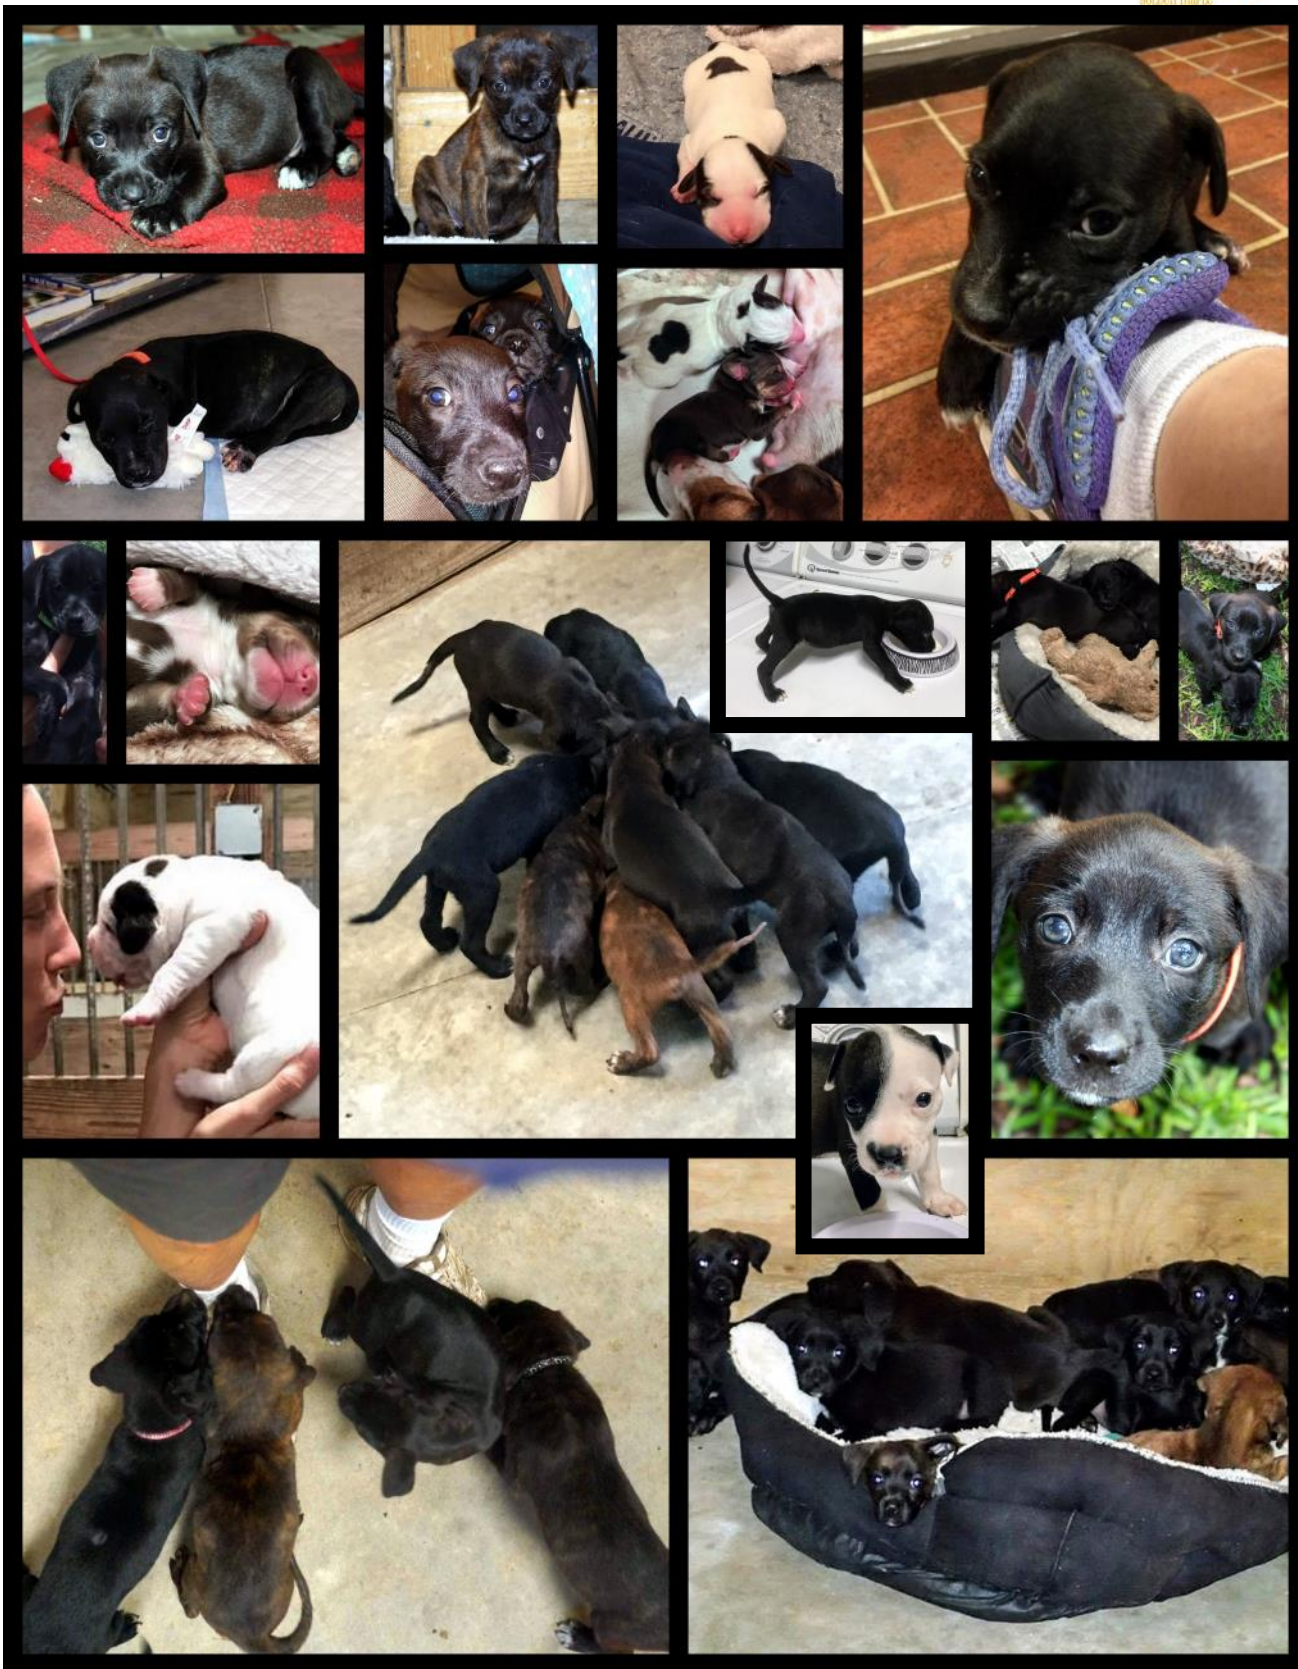

Every non-profit organization wants a volunteer like Andrea Zicarelli!! Her love of the animals is very apparent, her heart is as big as Texas, and her smile genuine. Andrea's many contributions to HHAS are most appreciated. She never hesitates to lend a hand wherever needed and recently used her talents to paint the artwork on our new doghouse display that was featured at the Low Country Giving Day event! Andrea is great with the public and does a fantastic job of promoting the mission of Hallie Hill. A networking expert, Andrea is a facilitator of all things good! Through her contacts she has brought us many adopters, countless donations, and new volunteers. Many thanks from all of us at HHAS for all you do!!

Hallie Hill Animal Sanctuary To Welcome Sophie Gamand!

Sophie Gamand is a French award-winning photographer and animal advocate living and working in New York. Since 2010, she has been focusing on dogs and our relationship with them. Sophie travels around the U.S. photographing shelter dogs for free, to help bring awareness to their fate, and help them get adopted.

Ms. Gamand will be joining us at Hallie Hill on Tuesday, October 17th, to take portraits of our shelter dogs!! She chose our facility from all of those in Charleston, and we are thrilled to welcome her!

Her most known series are *Wet Dog* and *Flower Power, Pit Bulls of the Revolution*. She has won several prestigious photography awards for her work (including a Sony World Photography Award in 2014), as well as advocacy awards for her dedication to animal rescue and adoption. Sophie's work has been published in the press worldwide, online, and in print (Buzzfeed, Huffington Post, Oprah Magazine,). Her first book, *Wet Dog*, came out in October 2015.

“ I have been donating photography time and expertise to numerous animal shelters and rescue groups. I am determined to change the way we photograph shelter dogs, and the way we perceive them. These photos aim at giving shelter dogs their dignity back, and celebrating the beginning of their new life: a life of care, love, comfort. “

‘It’s a Dog’s Life’...by Minnie and Sue Winder!

Newsflash: “A dog tossed away up north ends up doing very well after finding a home in beautiful South Carolina! Now she knows excellent care and kindness for the very first time!”

Good Day Hallie Hill friends! My name is Minnie. Well really, I came to Hallie Hill with the name “Cinnamon” but Hallie Hill already had a dog with that name. So, because of my cuteness, they called me Minnie. I didn’t mind my new name as I needed a complete new start after what I had been through up north! A caring person found me in an abhorrent condition with scars and injuries on my body. An indentation marked the place where a rope or cable had grown into the skin around my neck. You can still see the scars to this day. I was saved from that shelter just before I was to be euthanized. Saved in the nick of time, as they say! I was really scared when I got to Hallie Hill because I didn’t know what was happening. After some time, with the Hallie Hill staff and volunteers visiting me and speaking softly to me, my heart began to melt.

They all took such great care of me, even when I could not love them back. I was a resident in the barn for a while until I was well enough to go out to the dog enclosures. Now, one could say that I have a face “only a mother could love”. OK, I am not pretty, (although I’ve heard a few folks think I am!) but I sure am special! Oh, how I enjoy those rides on the golf cart and going for walks. Did I mention, I love to chase a ball?! And, you really must see me run! It is hilarious because I tuck in my butt and scoot my back legs together kind of like a kangaroo or a frog. You should see them laugh like crazy when I do this! It’s all part of my Minnie charm!

I have my own pen and I like it that way. We tried to pair me with a roommate, but I was afraid and felt I had to protect my water bowl, food, deck and doghouse. I didn’t get into any fights mind you, but it was obvious I wanted to remain a single lady. I do enjoy my neighbors and often visit with them through the fence! So, I think I will do best as a single dog, BUT, I would make you a fine watchdog! I mean, just look at me...stocky build, tough as nails, and a face that would send people running. (HAHA) Don’t worry though, I love my people, no problem there!

Yes, I am short and stocky (not fat!), weighing about 40lbs. Although I have been here a few years, I am still one of the younger canines who lives here at Hallie Hill. You won’t be sorry when you take me in. I’ll make you very proud! See you soon! Love, Minnie

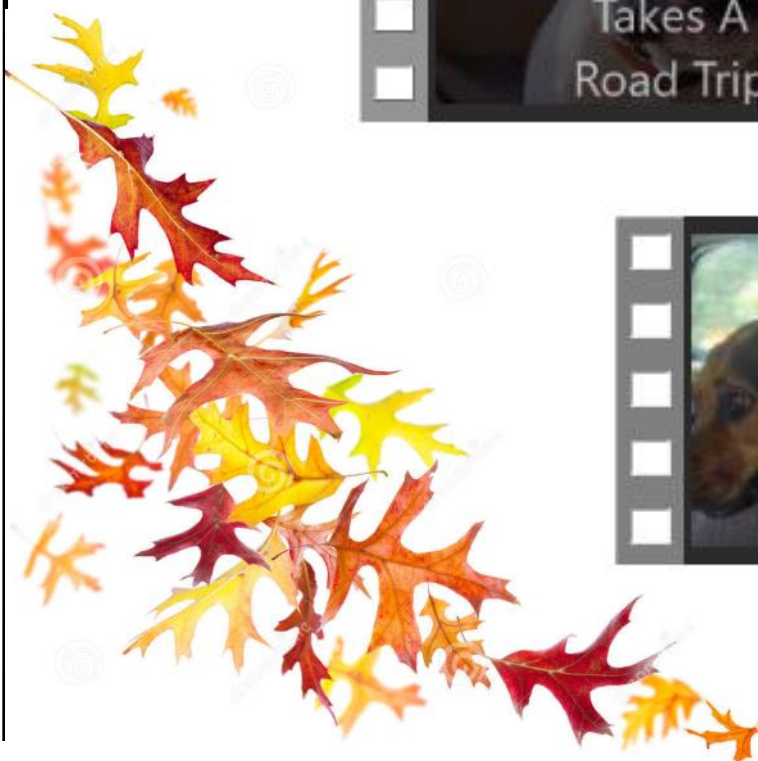

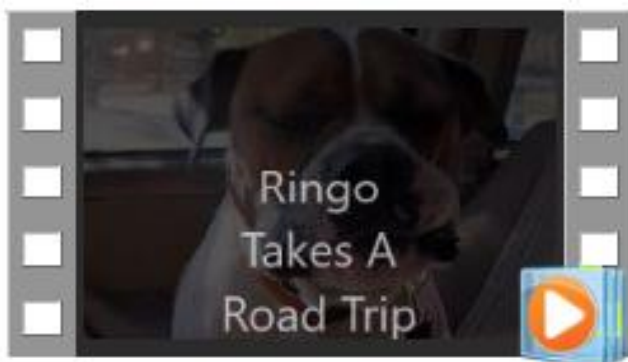

Field Trips with Brian Stiles!!

Brian often takes our dogs on a 'field trip' off of the Hallie property to acclimate them to car rides, new environments, new people, and to work on leash skills and following commands. They LOVE their time with Brian, and we are sure that it has NOTHING to do with the visit to Hardees at the conclusion of each trip! Thanks Brian!

Mission Statement

Hallie Hill Animal Sanctuary is a 501c3 that provides sanctuary for dogs and cats with no other home or shelter, rescues and cares for animals in need of assistance for the remainder of their lives, including providing proper shelter, nutrition and medical care.
What we do:

1. Provide respite and rehabilitation for dogs and cats preparing them for adoption, and a loving forever home to those unable to be adopted.
2. Perform community outreach in our area of Hollywood and Ravenel, two of the under served areas of Charleston County.
3. Provide food, medical services, spay/neuter, vaccinations and general wellness care.
4. Provide long-term care and a loving, final home for those animals whose adoption may be difficult due to age, medical or emotional issues.
5. Reinforce the human component of the human/canine/feline relationship in a respectful way by recognizing and honoring the fact that people's love for their animals transcends economic circumstances and cultural differences.
