## *Hallie Hill Animal Sanctuary 2022 Impact Results*

Dear Friends and Supporters,

As we begin 2023 we look forward while planning the fulfillment of our mission, but we also must pause to look back at what we achieved in 2022. In our annual report, we share the many ways your support allowed us to improve the lives of over 407 animals onsite last year and help South Carolina in its effort to become a No Kill state. Providing life-saving medical treatments, food, and shelter and ensuring thoughtful adoptions with the necessary resources for success are just two examples of how Hallie Hill made an impact in 2022. You can access the report [HERE](#) to see more of how your support made a difference.

## Brian Laughlin

I was born and raised in Fort Worth Texas. I lived in Texas most of my life until moving to South Carolina three years ago. I moved here to be closer to my stepfather and mother. My stepfather Les suffered from a stroke during his third heart surgery, and his health was a concern. I helped him as much as possible when I got here by going with him to physical therapy and supporting him the best I knew how. He made great improvements and recovered well. Being close to my family is wonderful, and South Carolina quickly became home. Soon after moving here, I started working at Water's Edge Restaurant on Shem Creek. I accepted a management position in July of 2020. When I have time, I love to go fishing, play golf, explore the wilderness, and watch movies.

Over four years ago, I decided to seek help from addiction to drugs and alcohol. God placed the right people in my life to guide me in my recovery and show me a new way to live. Part of my recovery process involves being of service. I began to look for places to volunteer and Hallie Hill was on the top of my list. The sanctuary supports a no-kill community and takes in animals that might never get adopted due to age, medical condition, or behavioral issues. Many of these animals deserve a second chance, much like the one I was given. A new life without fear of abuse or violence, surrounded by people who love and care for them. Volunteering my time and working at the sanctuary is the brightest part of my week. Every staff member is passionate about their mission and commits themselves to helping animals every day. I have a great deal of respect for everyone who pours their heart into making sure that Hallie Hill continues to provide a quality level of care for these animals.

On February 11<sup>th</sup> at 6:30 PM please come and join us at Angels' Crossing, the beautiful cemetery at Hallie Hill Animal Sanctuary, to participate in our Candlelight Vigil to honor any past pets you have cherished as we celebrate the memories of the animals who have forever touched our lives here at the sanctuary this past year. Hot beverages, cookies and camaraderie to follow!

## Hallie Hill Animal Sanctuary's **Angel's Crossing Candlelight Vigil**

**Saturday, February 11th | 6:30pm**

**Hallie Hill Animal Sanctuary | 5604 New Road, Hollywood, SC**

We know how much a pet can change your life. From their happy dance at the door when you come home to cuddles on the couch, they have shown you a love that will last a lifetime. Whether you want to remember the pets you have loved and lost or honor the many homeless pets that lose their lives each year, everyone is welcome to join us in remembrance. Hot beverages and cookies will be provided.

During our short ceremony we will also recognize the many animals across our nation who lost their lives due to homelessness. It is estimated that as many as 70 million dogs and cats are homeless in the United States. Of that number, about 6.5 million end up in a shelter which affords them a chance at a better life. Sadly, shelters across the south and many other states in our nation are overcrowded and simply cannot provide a long-term home for animals who are not chosen for adoption. Some of these animals are shy, some are older, but many of these animals are perfectly healthy and happy, who end up losing their lives for the sad fact they do not have a home.

LOVE AND SUPPORT OF OUR ANIMALS COMES IN SO MANY WONDERFUL WAYS!

## Your Newly Adopted Rescue Dog is Almost (or already) Here! Now What?

by: Jessica Ring  
[www.myfantasticfriend.com](http://www.myfantasticfriend.com)

*Here are my top twelve tips for what to do when your newly adopted shelter or rescue dog joins your family.*

1. Keep them feeling safe.
2. Keep them safe.
3. Set them (and you) up for success.
4. Be thoughtful about using a crate (or not).
5. Teach them what TO do using rewards based training.
6. Teach your dog to be comfortable when home alone.
7. Teach your kids how to interact appropriately with dogs.
8. Make new things predict good stuff.
9. Teach your dog to enjoy body handling.
10. Teach them there is no need to guard food or objects.
11. Meet their exercise and enrichment needs..
12. Enjoy getting to know one another!

## MOUNTAINFILM ON TOUR

Using the power of film, art and ideas, Mountainfilm inspires audiences to create a better world. The Mountainfilm festival brings together a community of filmmakers and change makers, showcasing documentary films that celebrate adventure, activism, social justice, environment and indomitable spirit.

Each year our selection of documentary films showcases nonfiction stories about environmental, cultural, adventure, political and social justice issues.

Each year after the festival, Mountainfilm on Tour hits the road sharing the year's most inspiring short films with communities worldwide. Mountainfilm on Tour shows are hosted by various organizations, outdoor retailers, schools and universities, theaters, local governments and individuals. Mountainfilm has been on tour since 1999, extending the festival's reach and delivering inspiring content to audiences around the world. Hallie Hill is proud to be a sponsor of the event in Charleston.

### Tips & Advice

2 Ways to Beat the Odds Against Feline Kidney Disease

bark&whiskers

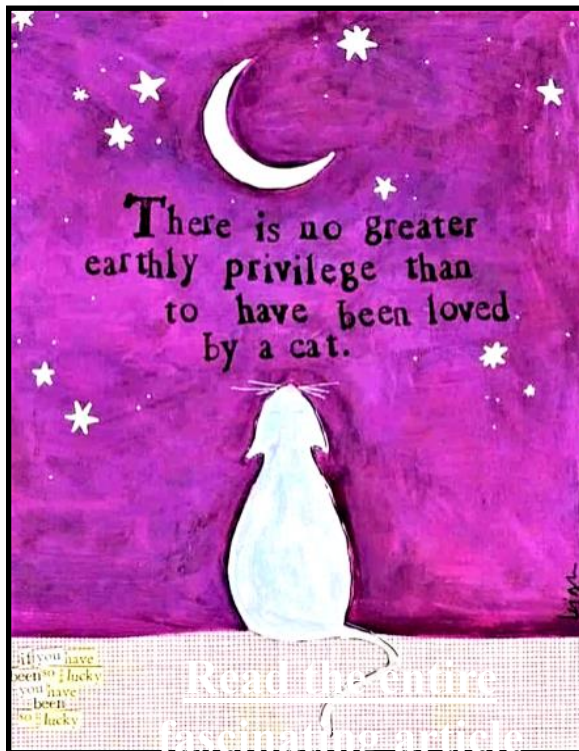

### STORY AT-A-GLANCE

- It is estimated that over half of cats 10 years and older have chronic kidney disease (CKD); in my experience and that of many other integrative veterinarians, one common and preventable cause for this epidemic is ultra processed dry food diets
- Another potential trigger for feline CKD is repeated injections of the FVRCP vaccine; this is why I always stress the importance of taking a minimalist approach when vaccinating indoor cats
- It's important to note that protein is absolutely not the enemy of cat kidneys, and that low protein diets are not species-appropriate for felines
- The prescription "renal diets" recommended by many veterinarians are dry ultra processed formulas that provide very little moisture and poor quality protein to CKD patients whose greatest need is food loaded with moisture and animal protein
- Ideally, CKD cats should be fed excellent quality, fresh food diets formulated specifically to address renal disease; there are also natural supplements that can be very beneficial

### 5 REASONS TO ADOPT TWO KITTENS

INSTEAD OF JUST ONE

1. One kitten can become lonely and bored.
2. Two kittens will help keep each other busy instead of bugging you.
3. Having two kittens is very entertaining!
4. You'll have fewer behavioral issues with two kittens.
5. You'll save TWO lives instead of one!

## Paisley (now Olive)

"Here are several photos of Olive (previously Paisley). She loves her fur-ever home and her brother Cooper. Smart, funny and non stop energy! How do I describe Olive.... I am certain we knew each other in a previous lifetime! She definitely found me!"

## Angel

"Hope all is well at Hallie & Hill. I just wanted to send a picture of our Angel next to our Rosie. Angel has lost 4lbs (she's on the right) and the urinalysis came back good and clear last month. Yay! Thank you so much for what you, Jennifer, and the volunteers do."

Its Carmella's Adoptive mom Sending you a little update. She is loving to snow, she loves to run it and shake her whole head in it. I will throw her a snowball and she'll catch it. She is really good at catching things. This Christmas I'm teaching her and going to show her how to open her presents. Which she loves getting new toys. Carmella has so many personalities and is such a great fit for this family. She has bonded with my step dad that when I move out she gets to have one sleep over a month with him! you guys are a wonderful place and I for sure have been spreading the word up here in the midwest!

-Carmella & Amelia

## Bibbity (now Wrigley)

"Wrigley (formerly Bibbity) is getting so big... 25 lbs. He loves to explore. Nose to the ground on walks and loves to run around and chase Finn!"

Fran and little Joy are enjoying their new home! Joy was officially adopted and Fran is being fostered to adopt by the same family!

## Herbert

Dear Herbert fans, It has now been 1 year since I was lucky enough to bring Herbert home with me. Things he has learned: stairs, dog door, house training, how to choose a bed, barking (loud!) dancing for his food as his waitress can be slow, kitchen surfing, and many other things! Things I have learned- Herbert loves apples, strawberries, blueberries, P-nut butter, cheese straws, comfy beds, daily massages, love from everyone with good enough taste to pet him, barking should never be followed by a treat at 2am!! car rides stress him, other than walks he likes to be home. YOU CAN TEACH AN OLD DOG NEW TRICKS (est. age is 14!) He is a love and I am glad he is here with Martha and I (but she may not always agree). Thank you all for the care given over the years!!!

"Here's our Sadie. She's very happy in her new home, and we are thrilled she is a part of our life for the last year!! Hope u are well!!"

Sadie

Maple is settling in great in her new home!

"Maple is doing great! She loves playing with Dog. They really like having this laid down "fights." We call them thumb wars. She's excellent with the cats, and even Cass will stop being grumpy enough to play with her from time to time. She takes to anything very quickly. She's excellent in a kennel, and didn't need any potty training. She has proven to be a very smart dog and an excellent addition to our family. Thank you so much for all that you do and we are so happy to have our little Maple."

"We are loving Rexa so much and she is bringing our family lots of joy! She has already had two playdates with Holly (her sister)!"

"I hope all is well  
Just wanted to  
update you on our  
sweet boy Bruno!  
He is doing amazing,  
he's so adventurous,  
loving, and full of  
energy! He has  
adjusted so well to  
his new home and is  
spoiled with love. I  
hope his siblings are  
doing great as well.  
Thank you so much  
for our Bruno!"

Bruno

"Hallie is coming up on 6 months old and she is doing great! She loves to play with her toys for sure. She loves her daily walks usually around 2 miles or so. She has a very robust appetite for sure. She weighs right at 20 pounds now. She is fully house trained and she rings a bell we have hanging on the door when she wants to go outside. We just love her so much and she is a blessing to our family. Thank you again so much!"

## February's Adorable Adoptables!

Go to [halliehill.com](http://halliehill.com) and fill out an application to come out to HHAS to meet these wonderful animals!

### Magnolia

Magnolia is fairly new to the Sanctuary and has a wonderful personality! We are guessing a mix of cattle dog or Catahoula. Magnolia is just 2 years old, a nice medium size and is great with other dogs—very playful! She loves people, and is very gentle. She would make a great family member!

### Edna

Edna is 10 years old and a perfect specimen of a hound dog! She likes people and some other dogs—a meet and greet would be a good thing with your current pets! She loves to go for a walk—the world is so interesting when you have a sensitive nose like hers! She does very well in the car and would love to accompany you anywhere!

### Angel

What a beautiful kitten!! Angel is only 8 months old and bonds VERY quickly with her human. We know Angel very well as she was an office cat for a few months and likes nothing more than to be next to you supervising you at all times! This sweet girl deserves a loving home all her own and would complete your family! PLEASE come out and meet Angel—she needs you!

### Hippy

Hippy, at just 2 years old, is full of energy and ALWAYS happy to see you! She is such a petite girl with a HUGE personality. She lives with other dogs at the sanctuary and does great! She doesn't do well with a fence being between her and another dog and leash meetings are frustrating for her. Leash reactivity is something can be worked with. She really is fun and will make an AMAZING companion for someone!

Medical And Geriatric Intensive Care

The MAGIC Fund is used to cover the many medical costs that arise at the sanctuary. New arrivals require vaccinations and spay/neuter surgeries. All of the 200 animals receive monthly heart worm and flea preventative. Many animals develop orthopedic or other health problems that require surgery. Hallie Hill also has many animals that require daily medications for everything from diabetes to arthritis. Many of the senior residents need more medical interventions as they age. Your donation to this fund helps to ensure the animals get the medical attention they need to live healthy, pain-free lives.

### Why You Should Consider Adopting a Senior Pet

Many older pets live out the remainder of their lives in shelters or are euthanized to make room for more adoptable animals. Don't you think it's heartbreaking?

Keep an open mind if you're thinking of adopting a shelter pet. Who knows, an older dog or cat might just be the pet you need.
